

# welcome

Dear Parents,

Students at your child's school are now part of the Mathletics online learning community – joining over 4 million other students around the world.

Mathletics is the world's leading online numeracy resource, helping students to love learning and achieve greater results through engaging content that perfectly matches their school curriculum.

## About Mathletics

The focal points of the Mathletics program are the curriculum activities and Live Mathletics sections.

### Interactive Curriculum activities

- Adaptive activities that respond to your child's needs
- Instant marking and feedback.
- Animated support guides
- Students earn rewards for completion of activities

### Live Maths

- A powerful, and highly engaging, real-time mathematical "race", with students connecting with others from their own class or the other side of the world.
- Reinforces learning from the curriculum challenges.

Get involved. Become a Mathletics parent.

**Register as a parent. It's free.**

Your child's progress can be delivered to you in one simple, convenient weekly email. To register, simply visit [www.mathletics.com/parent](http://www.mathletics.com/parent) and complete the short form provided. This will also provide you with access to the Parent Console where you can find certificates to print, a student progress 'check up' and much more.
